Hippos have profound effects on their ecosystems. As they walk from the water to their grazing grounds, hippos create well-worn paths, which neighboring animals can use.

Asian elephant **JET** was born Nov. 23, 2024, marking the first Asian elephant calf born through artificial insemination at the Saint Louis Zoo and the beginning of a fourth generation of the Zoo's elephant family.

HERITAGE SOCIETY

With gratitude, we recognize our friends who have chosen to remember the Zoo beyond their lifetimes with legacy gifts. As members of the Heritage Society, they are forever friends whose support will live on through our Endowment, benefitting the Zoo in perpetuity. We honor those no longer with us as well as those who have shared their future legacy intentions.

new possibilities

Thanks to a generous four-year commitment from **JOE ADORJAN** and his late wife, Dianna, our Zoo piloted a paid internship program the summer of 2024. While the Zoo internship program has provided young adults with volunteer opportunities to gain hands-on experience in animal care and zoo operations for many years, offering paid positions helps the Zoo attract emerging zoo professionals from all backgrounds and to strengthen our commitment to diversifying the future workforce in zoos.

For **WENDY AND JAMES WALSH**, the Zoo is not just a family tradition, but a passion. The Walshes have returned to the Zoo “countless times” with their own children. James recalled bringing their son Robert to the Zoo within a week of adopting him. During the Zoo’s busy season, Robert works on the Zoo’s grounds maintenance crew, and in the winter, he volunteers at the Bayer Insectarium, where he can share his knowledge on invertebrates. History is another passion for the Walsh family; in 2024, they established the Walsh Family Historic Preservation Fund to honor their family’s longstanding ties with the Zoo and to help preserve its most beloved historic structures. It will also help maintain the Insectarium, Robert’s favorite place!

lights, camera, dragons!

ANIMALS AGLOW celebrates the culture, art, and beauty of traditional lantern festivals celebrated in China for centuries. During the nighttime festival's first year in 2024, more than 131,000 guests bought tickets to enjoy larger-than-life lanterns in the shape of plants, wildlife and mythical creatures.

tiny snail, big win

A decades-long conservation effort involving our Zoo reached a tremendous milestone in 2024: teams discovered the first wild-born **PARTULA TOHIVEANA** SNAIL since the species went extinct in the wild in the 1980s!

breaking new ground

Construction for the **HENRY A. JUBEL FOUNDATION DESTINATION DISCOVERY** officially began in 2024. Some of the children who participated in engagement sessions in planning this new attraction were able to help with the groundbreaking event!
